

# Surface Mount Down Light Series

## Surface Down Light 5.5 Inch (10W)

## Surface Down Light 7.5 Inch (18W)

### Background:

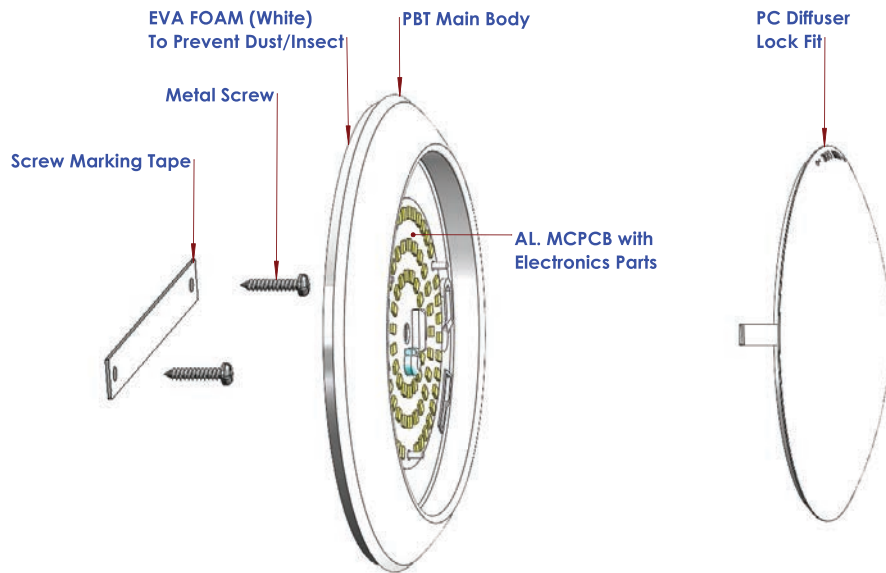

The product was developed keeping in view the following important points:

- Basic fixtures like Junction-box-Lights rapidly catching the fancy of Indian consumer even in Tier II, Tier III Towns.
- Traditional Junction-box or down light require specific mounting requirement for installation.
- Large segment of typical Middle Class India do not have false ceiling to mount nice looking downlights
- Available basic surface-mount fixture designs are not attractive.
- There's a need for attractive, easy-install design with high visual appeal and aesthetics.

### Features:

- **Unique Looks and Stylish Design.**
- **Easily installed in all type of ceiling /surfaces**
- **Wide Beam for larger coverage & uniform lighting**
- **Surface Mount Simplicity, with Recessed Mount Looks**
- **Robust Technology meeting 440V/72 hour**

## Parts Details Of Disc Light
